# Sample task and closure report: Outlet 07, Saturday

AisleWatch AI daily task report. Every task below is invented to show the report format, and Outlet 07 is a demo outlet.

| Tasks opened | Closed in time | Closed late | Open |
|---|---|---|---|
| **7** | **4** | **2** | **1** |
| from camera alerts | seen fixed before the due time | after going to the next manager | at 21:50 |

## Tasks, Saturday to 21:50

| Opened | Where | Task | Owner | Due | Sent up to | Result | Closure seen on camera |
|---|---|---|---|---|---|---|---|
| 11:32 | Dining area | Table 4 left uncleared | Floor staff | 11:42 | None | Closed 11:39, in time | Table seen cleared and wiped |
| 12:41 | Express counter | Counter unstaffed, customers waiting | Duty manager | 12:44 | Outlet manager | Closed 12:46, 2 min late | Staff member seen back at the counter |
| 13:20 | Pick-up counter | Counter unstaffed, orders waiting | Duty manager | 13:23 | None | Closed 13:22, in time | Staff member seen back at the counter |
| 14:10 | Tray return | Tray return station full | Floor staff | 14:25 | None | Closed 14:18, in time | Tray return seen emptied |
| 15:10 | Express counter | Counter unstaffed, customers waiting | Duty manager | 15:13 | None | Closed 15:12, in time | Staff member seen back at the counter |
| 16:30 | Back corridor | Fire exit blocked by delivery crates | Shift lead | 16:40 | Outlet manager | Closed 16:52, 12 min late | Exit zone seen clear |
| 21:45 | Dining area | Closing wipe-down not yet seen | Shift lead | 22:00 | None | Open | Not yet seen |

Rows in red closed after the due time or are still open. A task open at its due time goes to the outlet manager, then the area manager.

## How a task closes

- A camera alert opens the task with a still, the place and the time.
- Each kind of task has a named owner and a time allowed, set by the outlet.
- The task closes when the camera sees the fix. A named person can also close it with a note, and the note is logged.
